REPORT / REQUEST

From His Excellency Valeri SR 0 001670212
With a confident General Manager, corporate (PIN) No. 6702123309
0027 Report 004888128 – 0001670212 / 10.02.2025
(**22** pages in total + **50**) attached documents)

1 The subject of the Claim is **a debt** of 251,988,800 fiat “levs” **BGL** to Sovereign, General Manager **to** * 24.01.2025

2 Subject of the Report is **the seizure** of the function of "BNB" JSC UIC 000694037 with a complete **reform** of the financial entity under the leadership of Sovereign, to creative communication in the future.

/ Sovereign former "Bulgaria" 1878-1992 *Quod Licet Lovi Non Liced Bovi* "What is permissible for Jupiter is not permissible for a cow" former "bulgaria" on the Balkan Peninsula /

" *Law after 13.07.1992 - **none** ! Which was described in the Constitution in 1991 on July 13 and published (in force) after SG56 as an indisputable fact.*"

INTRODUCTION Report / Claim **No. 2** after the submitted Report / Application **No. 1** on 18-21.10.2024 0015 RR-Request_Report-ECB-VCommision-18.10.2024 00483\7,8\810015 – 0001670212 by the Sovereign, who is the only legal and legitimate **owner** of the territory of the same name, former "Bulgaria" or "third Bulgarian state" 1878-1992. After 1992, **there is no** country with the name "Bulgaria" **nor** symbols corresponding to what is only in the imagination of an unhealthy **psyche** or sharing its gains in a way **outside** the law, in order for these to be legal and legitimate.

Sovereign against the *"Foreign Legion in the Bulgarian Banking System" of "BNB" JSC / ZAB. foreign legion, not the "Rakovski" Legion.*

This **Claim** in the form of a Report unites against a center of Illegal, Illegal and Illegitimate "power" **with no** authority for anything, except after the Coup d'Etat (in 2005) to continue the agony of **the missing** state, where at **the center** of every problem is **a nest** enabling OCG through assets that finance the behavior of numerous accomplices because of their bodily needs for food and water, which have a declared **price** , thereby causing the connection between them in an undeniable way.

This **Report** as a Claim explains in detail and briefly about a severe **criminal** environment that is carried out through accomplices in a nested structure of a pyramidal public form, which, in addition to being illegal **outside** the legal and legitimate right for anything, is located at the foundations of a bandit **center** with criminal activity due to criminal consciousness, carried out immediately after 1992 after 2005 in 2025 indefinitely by design, of an international bandit group with terrorist arguments for **penetration** for the purpose of plundering resources and values that are foreign in the hands of internal enemies, skilled in the food chain.

Examples are given in this **Claim in the Report part** and vice versa, how international swindlers, through their accomplices, carry out not only heavy financial speculation on a large scale, but also carry out their criminal plan **without** the available, **without** any right in "Bulgaria" under the Law after 1992 this (by name), to provide, to give their valuables into the hands of **OCG** governing **not** only the political processes, **but** also the vital ones of its victims.

It turns out that Sovereign not only **refused** to be a victim of the "criminal scheme" of these bandits, **but** also carried out a serious **check** of documents, first of all for the integrity of the "banking" system, which turned out to be not only a bandit **system** , but also found itself at **the root** of the political collapse due to banditry in "Bulgaria" after 18.10.2024, which is not acceptable for Sovereign, on its eponymous territory!

Political collapse is driven by innate greed and a thirst for manna from heaven.

Politics and banditry begin and develop solely **for the sake of** income, financial incentives that are distributed centrally by diffusion (cartel with negotiation) **between** the illegal, illegitimate "banks" in a state that will disappear in 2025 after 1992 / this is also **not** acceptable for Sovereign, in its eponymous territory!

Documents were **not** presented because there are no proper documents for the legal **activities** of illegal entities after 1992 and this fact is hidden in the process of decapitalization of "Bulgaria" or its denationalization, not only **robbed** of resources and values of national importance, but also created a **criminal** environment.

The process of verifying these **illegal** entities was public and open, duly informed about the actions until the relevant results, but **without any** need for illegal **entities** to be legalized in any way through information, communication, signatures and seals of the Sovereign - Legal and Sole Owner, of **its** eponymous territory after October 18, 2024.

Sovereign, **is** "Bulgaria" or **the former** "Third Bulgarian State" 1878-1992 after 33 years.

In the food chain of crime, at the top is a nesting or "bank" incentive of **empty** assets, whose manageable (political) value not only **finances behavior, but builds the corresponding arguments from missing** values, in addition to the aggressive thirst for **foreign** wealth in such a way, the so-called "Bulgarian National Bank" was created in 1879 for the sake of an occupation fund, which immediately **occupied** "Bulgaria", today the missing state.

The consequences are **severe** and instructive.

This power **center** , pyramidally, is at the top **above** every power, which together with the center turns out to be Illegal, Unlawful and Illegitimate **without** the right to do anything!

Doing anything immediately turns out to be criminal because of **the lack of** a legal basis for anything. Thus, after 1992, **any** activity by the OCG or the criminal group enters **a criminal** environment . This **criminal** environment is active and aggressive.

Not only does this "banking" center, through its internal accomplices, **directly** carry out its anti-state and not only "anti-Bulgarian" activity after 1992 due to the lack of legal basis as a basis under the Constitution, but it also **provides** direct connections **abroad** with individuals with criminal consciousness and the same existence!

This failure governs the internal processes of multiple arguments, brought together for a single **purpose** and which is no different from anything else all the time.

From within, the power, despite its absence, is held to **the suggestion** of various things that are the fruit of an **unhealthy** psyche due to **the lack** of awareness, because not a small part of those affected are aware despite everything, who participate in the process of decompilation already completed, disorganization, degrading the healthy psyche to seek the sick one in **an equal** environment between the two.

The inspection carried out by Sovereign has reached final and indisputable **facts** as a result of their in-depth examination, which have been declared **the only ones** under the weight of **the prevailing** Law after 18.10.2024 or the Sovereign Law, in the same, eponymous territory.

Finally, Europe in the person of the UN in Geneva, the Venice Commission, the European Central Bank, the security services and also the European judicial system, which **received** through an official postal operator on 21.10.2024 the Report / Statement from the Sovereign, **the only** Legal owner of this territory of the same name (former "Bulgaria" 1878-1992), their concealment, neglect or rejection is most likely due to **the same** or common interests with the Illegal,

Illegal and Criminal power of **the former** communist state on the Balkan Peninsula.

Thus, the Latin proverb about the cow turns out to be turned against Jupiter of **power** because of illegal or criminal **complicity** between dependents who have different interests from the legal order and legality to their public implementation by Illegal, Illegal and criminal "power" on the territory of **a former** state that **no longer** exists.

1 Immediately after its establishment in **1879** , the "BNB" began working **against** the "Third Bulgarian State", which was established in 1878 **without the** participation of a Bulgarian delegation.

2 The occupation **fund** of 1879 and the occupation **fund** of 1944 were successfully absorbed at **someone else's** expense, it became a tradition through internal enemies that the so-called "Bulgaria" would **not** gain access to the human light, in a reasonable and favorable way, **the wealth was preserved** .

PROGRAM 2023 - 2024

Sovereign, has taken on the difficult task of building and shaping not only a **new** state, but also new rules for **new** people, which is a job for many **new** people with a different consciousness in a different state from **the former** "third Bulgarian state" which today not only lacks, but also creates **the impression of an organization or** OCG (from - to) filled with "tasks" (European programs and so on) like a living corpse or torso (the flag at the top) filled with insects in the food chain, where **there is** nothing more than a lied cemetery that deserves its fate, **because** without the complicity of internal enemies, penetration from within, into the systemic structure, into the financial sector of the life spectacle is **not possible**.

Sovereign, is born first as an idea on Laws, and then develops with the dynamics of the progressive thought of Creativity on the inheritance of **valid** Laws, which create the foundations of a new State on **the remains** of a previous state.

Sovereign, was made **without** the participation of Bulgarians, similar to the "third Bulgarian state" made **without** a Bulgarian delegation, because personally I consider myself nothing **less** than a citizen of the World and the Universe under the heavenly angels, on this planet - so Sovereign, was **again** made **without** manifestations of mass pigheadedness, already explained.

Not only is the European Central Bank delayed in responding to the "BNB" so-called Bulgarian bank in **the Report** to the Executive Director, but the UN in Geneva is also delayed in responding to **the Application** for - a new state! This is because the OCG metastases **cannot** survive independently **without** the external network of "partner services" so the so-called "Bulgaria" for **the missing** state after 1992 receives **tacit** support; a support through unwinding or

otherwise for an emerging conflict that is **immediately resolvable** in good will and according to **the prevailing** Law, and **not** in any other way.

Sovereign is Jupiter of the Law, while the so-called "Bulgaria" is the Latin cow "*What is permissible for Jupiter is not permissible for a cow*" former "*bulgaria*" on the Balkan Peninsula / because there is nothing else that would be valid.

Sovereign, consists of – proven Living people (through Vest) outside of Roman and Admiralty law **above** him, who **first** announce their presence – notarially, **then** through Act No. 1 Annex No. 2 finally with a Certificate of Their Excellencies, completing the explanatory stage for their place in the hierarchical and social system, already explained.

The note is that **Their** Excellencies occupy **a high** social position, **not** through financial speculation under the accumulated wealth, because the one and the other are **different** things! As the example of the monetary acquisition in gold (crypto) or other values, **does not** in any way elevate their owner to another level, except as the owner of **transient** values, which pass over time to **other** hands in the same way for people with **low** social status despite the imagination for more.

The only thing that works is **the suggestion** as a fiction of the idea that money is superior to social status, which is in no way **true** , although it is accepted as such because of **greed** .

Greed is a biblical manifestation of "original sin."

official **inspection** of part of **the OCG has been carried out**. in the "banking system" it turned out to be, which is Illegal and operates outside the Laws in the missing **after** 1992 **before** Sovereign from 2024 state.

In addition to **missing** documents, it turns out that "BNB" OCG **has** not only domestic assets, but these (assets) have been provided **without** exception to **foreign** persons from **foreign** countries, not only, but through **fraud** the names of "Bulgarian banks" are written at the top, for example "United Bulgarian" or "Postal" or "State Savings Bank" and so on, which **not only have** nothing to do with "Bulgaria" , but are **99** % foreign property everywhere and **in** everything. In addition, these so-called "banks" have organized internal **connections** between them with other commercial entities, and **the foreign** names are placed between accomplices with Bulgarian names of collaborators, without any other significant role. The role is brutal **because of** the monetary compensation that is received for a job well done.

Unfortunately. The Sovereign's questions **were** answered with neglect, passing by, through a "curtain" or in another way damaging the honor and dignity of Their Excellencies, who are implementing under the Law of the "special revolutionary operation" a program to restore the Fourth Bulgarian State - this state **has** nothing to do with "Bulgaria" after 1992 , **has no** connection with the Bulgarian population or a manageable mass of people, **because** the Elite

minority of the Father, Son and Holy Spirit has the entire Universe in its hands, far from the "Bulgarian reality" of the Balkan catacomb, of a cemetery park.

FOREWORD ILLEGAL

On the other hand, the Illegal, Unlawful and Illegitimate power **demonstrates** vitality and vitality, suggesting a dynamic of development in **some**, certain direction, unfortunately, in which **there is** nothing true and this **Illegal**, inadequate power only fulfills the tasks set before it by the so-called "great powers" abroad, not by territory, **but** by the power of its intelligence among the peoples, unlike the plucked turkey on the Balkan Peninsula, robbed and forgotten by the gods and the laws.

This same Illegal and Illegal power has usurped its right to power without much fuss after an explicitly foreseen and **forbidden** Coup d'état, which was **carried out** through Self-Government, which was also explicitly **forbidden** by the Constitution in 1991 in State Gazette issue No. 56 article 1 paragraph 3 despite the text that **prohibits** a political party, an organization or a private person from carrying out an action under Self-Government, this was done and the so-called "Bulgaria" was sold for 700K US dollars plus 50K US dollars DUNS: 52-364-3611, Bulgaria Land Co LLC CIK #: 0001328041 (BG-05054858) in an attempt to be **converted** into a corporation after 2005 which did **not** happen because **there are no** legitimate, legal sellers of something that is **not** theirs and the assets, together with the property, are **someone else's** property so **the transaction** for the sale of this territory is **not** valid even though **the actions** are then spread by the affected persons in organized for this purpose OCG or **groups** for attack, self-defense, various fictitious, but illegal actions **without** the corresponding right for legal, legitimate and legal **basis** for the implementation. This continues in 2025 for a period of 30 years onwards in perspective.

BNB JSC UIC : 000694037 - AGENDA AS PART OF THE APOCALYPSE **tasks** (**cannot** be implemented by a missing bank to impose the agenda of the New World Order in **the missing** country, in a **missing** corporation, which is shown in the Report / Application to the ECB and Venice Commission 0015 RR-Request_Report-ECB-VCommision-18.10.2024 00483\7,8\810015 - 0001670212 ; 0016 PR-Request_Report-ILLEGAL-POWER 004(8)88810016 - 0001670212 21.10.2024) " **BULGARIA** " DUNS: 52-364-3611 LLC CIK #: 0001328041 in the attachments.

PART ONE

*After checking the Constitution of 1991.07.13 State Gazette No. 56 We **found** the first signs of a problem that is of extreme importance and speaks of a gross encroachment on statehood (public order and legality) in the period from 1992 to 2024 onwards.*

*After this inspection, We found **the second** signs of a problem that is of extreme importance and speaks of - Treason after a coup d' **état** in 2005, which is expressly **prohibited** by the Constitution 1991.07.13 article **1** paragraph **3** or prohibited by the CRB **1991** DV 56 article 1 para. 3 for parties, organizations, private persons!*

Despite this Prohibition, through a Coup d'état, Bulgaria has been converted into a **corporation** DUNS: 52-364-3611, Bulgaria Land Co LLC CIK #: 0001328041 (BG-05054858) which is Treason, but done by **usurping** power because neither a political party, nor an organization, nor an individual has been given the opportunity to **take away** State Sovereignty or dispose of an entire state as personal property - described in the 1991 Constitution- va year or, there is no express **permission** for this to be done in any way to legally **justify** the action of the criminal **group** / because no person or entity, can do **anything** without his accomplices!

Thus, the testimony is about a **criminal** group that is organized or OCG (organized criminal group) to this day, which disposes **without** reason of the state's resources and values!

Based on the fact that **the first** crime - the Illegitimate, Illegal and Criminal Power in Bulgaria after 13.07.1992 (in an appendix to this Report) turns out to be "working" and this one **is developing** its EIC (unified identification code) metastases at a **rapid** pace of "corporate device" under a single corporate code, everywhere and in **everything** , this is accepted as completely in the order of things, despite being extremely vicious and **criminal** with serious consequences for the participants, who are persons found in a criminal symbiosis of political and public collaboration. All the while in the hands of **propaganda** , its media, **broadcast** spectacles and television series for entertainment, also provide "protests" for anything, finally through "political elections" of consent, to continue ad infinitum between countries.

We have refused to be a party to this iniquity!

On the basis of **the first** crime, due to its "inertia" passing through recognition during "political elections" of agreement with **the criminal** situation, the necessary ground is provided for **the second** serious Crime of Treason, but by committing fully **consciously and** intentionally, already and **purposefully** Coup d'état!

The coup was noticed after reading the text of the Constitution of 1991, which text **prohibits** taking away state sovereignty, **prohibited** by the Constitution 1991.07.13 article **1** paragraph **3** for a party, organization, private persons - no one can get power, except by usurping power!

Despite the ban, this was done in 2005!

Thus it turns out that **not** only the power in 2024 from 1992 onwards is illegitimate, illegal and the actions are criminal indefinitely (in application) created or made because of the transition to European democracy, but on this **basis** , initially criminal **situation** , the suggestion was created for impunity in the hands of the perpetrators, for those to take their **second** step by usurping power until its complete, complete **removal** from Bulgaria as a country - this was done in 2005!

PART TWO

In the course of the investigation, of which the affected entities were **notified** by targeted letters by e-mail and to an address through an official, postal operator, We **uncovered** a network of crimes - throughout **the** corporate chain.

Without **any** right, EIC metastases have been developed lengthwise, horizontally and vertically of joint-stock companies (appendix with examples), which have their own

communication on **the specifics** of their activity. In such a way, every EIC company is necessarily connected to the corporation, its **owners** or shareholders at the top, who **replace** every system from the inside, regardless of whether it will be judicial, repressive, administrative, banking and so on. Finally, at the top, **the subject** of such the so-called "Bulgarian National Bank" at the top of the corporate pyramid CIK #: 0001328041 / neither a corporation nor a state!

After **the** coup d'état in 2005, at **the top** of the corporate pyramid, through the means of **financial** communication in descending order - BNB SC EIC 000694037 / DUNS No. 64-466-5598 through subordinate banks in Bulgaria along the chain, disburses monthly salaries not only, but also everything necessary for **the vital**, monthly cycle of the fiscal turnover of the corporate territory / neither a corporation nor a state!

BNB closes the roads in Bulgaria, steals from Bulgaria's wealth, steals from savings!

It turns out that **the BNB** DUNS No. 64-466-5598 **cannot** apply **the requirement** of Agenda 2030 for full control over the movement of money, financial resources according to the Law, because it is **not** a legal form of - a banking institution! Explained (appendix), **BNB** SC EIC 000694037 is at **the beginning** and at the end of every attack against Bulgaria, its internal ability to be **vital**, dignified! The same so-called "Bulgarian National Bank" **creates** registers, **keeps** records, **issues** licenses without the right to issue licenses, **create** registers, **keep** records and **carry** out any activity after 1992 in the period from 2005 to 2024 onwards, that is, crimes are **intentionally**, purposefully and **knowingly** committed **after** the Coup d'état every day after 2005 and after 1992 until 2024; The BNB **does not** comply, because **it has no** legal measure **or** right to dispose of the assets, which are National Wealth, when, **through** the BNB, gold is stolen from the vaults, **through** the BNB funds are exported from the accumulated budget savings (appendix), which shows us the same "Bulgarian national bank" in a completely different light, already on the other side or on the black side of the previous light! **The BNB** cannot **without** right impose the digital currency in Bulgaria!

Apocalypse, **it cannot** develop in Bulgaria / because of the key moment of BNB SC !

All the time, the BNB is being stolen from foreign funds and deposits, also from personal funds, as it was saved by those who lied to the state and the Bulgarian National Bank - all the time, the BNB is at the root of organized crime against Bulgaria!

Corporation Bulgaria, which is **neither** a corporation (see) **nor** a state, **cannot** by law or legally accept and enforce Agenda 2030 through the BNB DUNS No. 64-466-5598, **nor** dispose of the assets due to the impact of an Apocalypse on the territory - usurped, **not** successfully taken over by legal means, only **through** Fraud and Treason!

Treason has been committed!

Which is **punishable** !

A serious crime was committed, **not** a smooth transition as is suggested today, for the bandit **attack** on the Bulgarian state!

The current **strength** of the repressive power is dependent on **the cash** * receipts through the banking system, to which We have paid special attention.

The symbiosis between them is considered by Us as **a legal** action to ensure the mutual connection, for an entity at the top at the top, where the so-called "Bulgarian National Bank" is located or the same **joint-stock** EIC company, which is relied on to assign the

*burden of the Agenda 2030 on Bulgaria turns out, which is **impossible** already explained, except through **fraud** for the purpose of monetary gain or in some other way, already used the repressive **power** , which is at the top and bottom of every negative process **like** the BNB EIC organization!*

Treason has been committed! Which is punishable!

*Even as a corporation against CRB 1991 SG 56 article 1 par. 3 **prohibition** of appropriation of Sovereignty done with the advent of the Tipping Point idea in the year 2005) there is no country to be converted into a corporation with the number CIK #: 0001328041 in the year 2005!*

1 No country, **2** no corporation! **Treason** has been committed!

*According to Euro Direct Contact, BNB DUNS No. 64-466-5598 has a 130-year history as a reason to gain trust from Europe? However, two dates are indicated, both of which **not** only **do not** bring, **do not** inspire confidence, **but** show something completely different - the BNB is an **illegal** organization today, a commercial entity BNB SC EIC 000694037 having **nothing** to do with the aspiration for a national or national Bulgarian bank!*

*The bank has a "judicial registration" in 1997, reported by Euro Direct Contact by e-mail - with **invalid** registration of an **illegal** , commercial entity SC joint stock company!*

*The bank created the Central Register of Central Banks in 2009, which is equally **illegal** , and its operation **is criminal** from 2024 onwards!*

*"The Central Credit Register (CCR) in Bulgaria, its legal framework and collection procedures are regulated by Regulation No. 22 of the BNB of July 16, 2009" Europe Direct, e-mail. 26 September 2024, 13:00" - added by **the source** that this is **not** a legal text. SHORT quote from Report No. 1 end.*

CONSOLIDATION OF CLAIMS

The claim is united to **a center** of causality, which **center** enables the above-described diffusion (pseudo-bank metastasis) into a cartel by negotiating percentages, fictitious debts, fictitious burdens with one, sole purpose. The cartel negotiates for % on debts **without** having anything owed to it, except in the **opposite** direction!

This center or today "BNB" JSC also (like the verified Illegal companies operating illegally and outside the Law) **does not have** a valid registration from **a valid** judicial authority (Ministry of Justice, Registration Agency) **without** authority for the available right to carry out public activities and at **someone else's** expense, **without** a good attestation during the years of its existence in the period 1879-1992 (2025) in connection with the occupation **fund** for the storage of Bulgarian **assets** , **stolen over the years** through political bargaining with the complicity of the now BNB JSC as a private, joint-stock company.

BNB JSC does not do **anything** for its own account!

BNB JSC does **everything** for someone else's account!

The actions of the so-called "BNB" are entirely at **someone else's** expense, because the BNB **has no** productive power in organizing assets from available, except for the shared **value** system of third parties, placed under a debt **burden** for one, sole purpose!

Thus, not only are the salaries in the "banking sector" at **someone else's** expense, in **a foreign** country of **foreign** banks in "Bulgaria" **as already** described. The parasite of the " **BNB** " is not only at the center of the OCG , **but also** enables its vitality in **every** way.

OCG pseudo-bank forms of banditry. The claim against "BNB" JSC in a cartel of OCG with criminal, inadequate behavior, to ensure the vitality of illegal and criminal **activity** , which is also **illegal** and aggressive without a valid Law on legalization with legal empowerment, such a Law, is found in the Constitution SG56 1991.07.13 and was **interrupted** in the following **1992** ; this **Claim** is Legally justified in the details after 18-21.10.2024, as well as in a **minimal** amount. The cartel is organized by negotiating between the "banking" entities for the interest rate % determined by negotiation between them, which is then broadcast in the public space as a decision, explained.

The "BNB" metastases, called "banks" and enabled through essentially criminal public banditry **without** relevant, available **laws** on the legalization of this "society" or brigade, only reports on **illegal** entities in **a foreign** country, who **do not** comply with anything, **but** invent their own "rules" and "build" them successfully, aggressively and methodically, **without** considering the gravity and in Turkish, which was not!

Incriminated for such are **actions** that Sovereign found criminal, unlawful and illegal **without** valid legalization, **without** legal empowerment **either** from the legal **or** public sphere **after** 1992.

The illegal actions of the "BNB" metastases are criminal **without** grounds for enforcement, but carrying out public activity or criminal in essence under **the weight** of the indisputable facts!

These facts have already been **clarified** and publicized, not only in Europe.

The matter is over, **but** the agony continues.

The information will remain, as will **the entire** asset of evidence in the process of building the Fourth Bulgarian State or Sovereign, on the territory of the same name today.

Europe's silence is a matter of **complicity** in the destructive processes of degradation of legal law, which is the fruit of internal complicity between foreign citizens against each nation-state as the fruit of internal bargaining for the sake of external interests, which are predictable and expected.

Thus, not only is there **no** state "Bulgaria" after 1992, but **there is no** basis for the legal presence of the BNB metastases after the sacred date or the end of the

"third Bulgarian state" 1878-1992, which was **never a Bulgarian state in its entirety**.

An example of this is the "BNB" founded in connection with **an occupation** fund.

Law after 13.07.1992 - **none** ! Which is described in the Constitution of the former state "Bulgaria" in 1991 on July 13 and published (in force) after SG56 as an indisputable fact.

33 years of banditry and robbery make possible an internal reflex, as **an example** to follow due to impunity, which involves in its network **individuals** with missing somatic inhibitions, due to limited personal culture publicly displayed as such, who immediately receive a place as dependents on the relevant **income** , as collaborators in the "political system" or in another way, **who** are part of the cells of organized crime, which is multi-layered, at the top of which, of course, is the same so-called "BNB" for convenience.

This well-oiled "mechanism" of the criminal group **does not** allow for **an exit** from the vicious circle of the pig connection, as already explained.

The vice of "BNB" JSC metastasis shows nothing more than what is shared through this text, this **Claim** in this **Report** . Unfortunately, OCG has developed to the point of being untouchable **from within** , for the "state" borders of **the missing** (after 1992) state.

The claim against BNB JSC consolidates, collects debt of debtors from the circle of the "BNB" organization or OCG (already explained) to avoid unwinding, procrastination and delay in such a way that the so-called "BNB" Joint Stock Company **collects** the debt from the debtors and transfers it **immediately** , duly and with gratitude in an amount determined by **Unilateral** Satisfaction of the dynamic curve, respectively, which **variable** is calculated based on **the severity** of the crime on a national scale, and also for the time after 1992.

1 Any **delay** accrues additional burden in favor of the Sovereign.

2 Any refusal or aggression accrues additional weight in favor of the Sovereign.

Refusal under another law **other than** the governing Law of the same, eponymous territory, is **not** envisaged as possible, **but** as retributive! Described above.

Thus, Sovereign first calculates **the minimum** upwards only **after** an aggressive manifestation of the guilty scammers, showing the minimum claim as of January 24, 2025 based on the Sovereign Law / other **valid** Law after 1992, there is none!

an attack against a Sovereign General Manager is shared (for now) through a crazy **message** from the "DSK" Hungarian bank, which message was sent from **a foreign** country (via Speedy) to an "authorized person" without the available right after 1992, not only that, even if the power of attorney was drawn up abroad (in Bulgarian) it is **invalid** abroad **after** the Greek border by origin of tracking, **without** a copy provided by the fraudster after the signature (there **is**

none) to the Personal Identification Number (a number banned by the Nuremberg Tribunal, but implemented in "Bulgaria" through a letter of the Council of Ministers in 1977) reaching only an "identity card" and not to social status after that / instead of paying the so-called "Bulgarian bank" (99% Hungarian ownership) this so-called "bank" multiplies its Legal Debt to the Sovereign General Manager in a minimum amount **X 10** seen in the claim in amount (for now) of 100,000,000 BGL in assets and valuables as of 01/24/2025.

EUROPE , MILITARY **TRIBUNAL** (PIN) **Annex N2** / PIN - identity card.

Throughout the entire time of attacking **its** victims, the Illegal and Unlawful, Illegitimate and Criminal "authority" of Lawlessness or OCG , uses **prohibited** symbols and signs after a military **tribunal** that forbade their use, but in "Bulgaria" the Illegal and Unlawful, Illegitimate and Criminal "authority" has its own opinion after 1878 after 1944 after 1977 after 1992 after 2005 years of banditry and robbery due to **feeble-mindedness** , which is supported by a significant dose of aggression and which is characteristic of this people on the Balkan Peninsula long before this Report in 2025.

All the time, **the suggestion is made** , for example, that His Excellency and General Manager of Sovereign should have a personal identification **number** as a fiction of **the sick** psyche in the missing state after 1992, not only that, **but** the names or the name of His Excellency and General Manager of Sovereign should be written in **capital** letters (see below) because of the connection of the dead (social, public, official) flesh with a corporation or state, neither one nor the other and vice versa; Their Excellencies, first of all, are declared Living People in the world of human society under **the hand of God** over the public and sacral by its origin system in the human world!

It has already been explained that **immediately** after the (publicly registered) Message of Truth – Sovereign, Their Excellencies, are **above** any previous system as superior – **above** it, as superior **to** the Illegal “power, **above** its corporate employees (officials) with their unequivocal, Illegal and Unlawful, Criminal intentions, together with their contracts a fruit of **a sick** imagination as a fiction without any coverage in substance to be valid!

The game of the so-called "Bulgarian banks" has been declared as such at **someone else's** expense.

The suggestion of these criminal nests, on the other hand, uses its **weight** of bandit arbitrariness, which is realized through political bargaining at the top between **the two** systems, **one of which** feeds on the other and is directly **related** to the vicious results, generously paid for through assets and benefits from the superior or that of - "BNB" JSC above any other system. Through "BNB", however, all kinds of interests invade and are realized in "Bulgaria", thanks to the metastases of the financial system **above** any other system, because of its daily life in the food chain. Thus, capable collaborators and internal enemies penetrate "Bulgaria" through the door of "BNB" Joint Stock Company, its Trojan horse not only in life and daily life in the near term, but also in the future.

This is **interrupted** by the arrival of Sovereign, in the same territory **of the same name** !

It is understandable why, surprised Europe silently refuses to recognize **the weight** of the Law of **Facts** over any manifestation of the Illegal, Illegal and Illegal so-called "power" in the network of organized crime after OCG **beyond** national borders, which leads to the arrogance of international banditry under Agenda 2030 of the Apocalypse, **but** which was explained in 2024 to the same (collective) Europe that the so-called "third Bulgarian state" 1878-1992 **cannot** be applied in "Bulgaria" because such a state has **neither** a corporation, **nor** valid power, **nor** valid laws **except** the Law of the Sovereign despite **the purpose** of "BNB" JSC at **the center** , of the attack **not** against "Bulgaria", **but** against a Sovereign on its Own territory, which is hidden from the international community or before the international community, **whatever** this community means, to whomever it belongs. Hiding the facts **does not** negate the presence of the facts, if God is **above** all!

Illegal, Unlawful, Illegitimate and Criminal **Attempt** to Turn "Bulgaria" into a Corporation - Coup d'Etat.

BG corporation - or **illegitimate** sellers (*deal for \$50,000, worth \$700,000*) of national property (ZIP 3688 / 39401 from 2005.05.31 – 10.06.2005 signature from 16.05.2005 against the text under Art. 1 para. 3 SG 56 1991 KRB) **appropriating** for themselves, as OCG, the national sovereignty under Art. 1 para. 3 **there is no** popular power, popular sovereignty (this has been **removed**) but a corporate commitment **without** popular sovereignty, already due to the lack of a sovereign or the people; announced in 1991 on July 12 by the Constitutional Court - **there is no sovereign, only fictitious private property** has been assigned under Illegal, Illegal and Illegitimate "Joint Stock Companies" with appointed corporate directors, but **against** the Constitutional Court of 1991, State Gazette No. 56! **A serious** , criminal act has been committed, but against the Constitution and the legal order! Which Crime is of particularly large proportions, with severe consequences!

Coup d'état . That is, by usurping power, **a Coup d'état was carried out** !

This is also shown to a "silent" Europe, which is surprised by this "audacity" of the Sovereign Elite Minority **without** the mass manifestation of controlled mass pig-headedness!

How is each manifestation of political invasion managed? – costs and revenues!

Every single **expense** for toilet paper along the chain of "BNB" metastases, which are called "Bulgarian banks", is organized by **a center** of bodily everyday life in the food chain under all sorts of slogans, colors and drums of **propaganda** , which also (by name) has its **bodily** needs.

The etymology of the "pig bond" or the manageable mass of people, **regardless of** the amount of biological material, is specifically, accurately and clearly explained .

there is no leading policy , but only chain (daily) food **interests** , which in the case of mental illness, turn into biblical **greed**, already in its entirety.

Thus, "BNB" JSC is at **the center** of the attack **against** "Bulgaria" **after** 1879 against Sovereign **after** 2023 through organized **attack** groups of the Ministry of Internal Affairs, the so-called organization under the leadership of the Illegal, Unlawful, Illegitimate "ministry", except as implemented by **the sick** psyche, which is the fruit of **a sick** imagination - given examples of **an attack** on Sovereign along **the chain** , which will be spared here!

So. After page 666, we return to Bulgaria.

It is not only the "state" that is Illegal, Unlawful, and Illegitimate.

The actions are frankly **Criminal** , **if** they are not legalized in any way; this is how the OCG or the bandit form of **attack is formed** through internal enemies, who by name **every** day after 2005 carry out a Coup d'Etat in 2025!

In this case , **not** a single bank in "Corporation Bulgaria" has **1** valid License **2** court registration (registration agency) also illegal after 1992.07.13 (application by lawyer Gruykin - Illegal power EN)

An attempt was made in 1997 to have the "BNB" registered in court, but by an **illegitimate** entity (after **1991** DV56 1992) called the "Ministry of Justice" through an agency for registration of UIC: 000695349 Name: Ministry of Justice. The agency under this ministry was "established" in **2004** !

The Registry Agency was established on July 31, 2004, published in the State Gazette, issue 36 of April 30, **2004** - **far** after 1991.07.13 to be **a** legal organization!

The so-called "ministry" MJ itself creatively claims (see) registration from **1879** , while still wearing the burqa with the veil on top in 2024 after 2004, after 2005!

Registration in 1879 **cannot** be valid **without** re-registration, which would authorize the action in **another** era, period, or because of **a creative** mood!

While **hiding** or concealing its origin, the so-called MJ blocks the action after 1991 - 2004 - 2005 - 2024 onwards, not only of the AB agency, but also of all UIC entities - registered by an illegitimate, illegal court with an assigned rank of "ministry", which is at the center of a series of **fictitious** , illegal, unlawful UIC codes through MJ - AB after 1991-2004-2005-2024 onwards!

AB was created under MJ UIC: 000695349 because of the symbiosis between corporate, commercial codes that are Illegal, Invalid, Unlawful after 1991 - and their action is Criminal!

1 In **2005** , there was **no** transition from a state to a corporate system! **2** Through a Coup d'Etat in 2005, Treason was reported! **3** In 2005, Treason was committed! **4** Through Treason, a Coup d'Etat was committed in 2005! **5** BNB JSC was appointed as **the center** of "power" through a Coup d'Etat!

6 By usurping power, a Coup d'Etat has been carried out!

It follows that **not** only the "BNB" JSC **cannot** be trusted, except as **a center** for **an attack** on the ruling Law by an internal system that is based on **the fiction** of a sick psyche.

7 The BNB **cannot** (legally) implement the measures under Agenda 2030 as **a center** in the food chain, unless **it** is empowered by **the same** authority and with the same **habits** that help the development of OCG **abroad** along with their existence as **office** workers who self-initiate and self-realize **through** self-promotion!

Entering Schengen in this way is **also** Illegal with foreseeable consequences.

REAL NAMES / The real name of "DSK" JSC UIC 121830616 is Allami Takarekpenztar

The real name of POST JSC UIC 000694749 is Ταχυδρομική Τράπεζα

The real name of UBB JSC EIK 000694959 is Ενωμένη Βλγική Ελληνική Ισραελινή Τράπεζα; United Belgian Greek Israeli Bank; בניקי ישראלי היווני הבלגי המאוחד ; in Bulgarian in order to hide the truth about the united bank, in short a table.

It turns out that "UBB", the so-called "bank", is really **united** in "Bulgaria" with one, single goal.

The "Bulgarian banks" verified by Sovereign are **directly** related to " **BNB** " JSC UIC: 000694037

The hypothesis is that the so-called "Bulgarian banks" are exemplary and good citizens in **their** countries, but because of **the criminal** environment provided by the so-called "BNB" in the so-called "Bulgaria", out of a **good** heart, out of a **good** conscience, they decided to hit a duck (duck) for the sake of "sport" because that's how it is / see above.

international **brigades** , called "banks", are enabled by permanent **internal** enemies, such as the so-called "Bulgarian National Bank", which officially existed in the period 1878-1992, which is an illegal **form** of communication with the habit of stealing, taking away assets and funds from **a foreign** (the "BNB") country, the metastases of OCG organized through the "ubiquitous" "Bulgarian Bank" Joint Stock Company, which is at **the top** of the bandit pyramid.

Since **everyone** is dependent on their daily **income** , this issue is abandoned as "unresolvable" despite **the burden** all the time on "Bulgaria" and then on the Sovereign, who is the only Legal and Legitimate owner of **the same** territory.

probably well **known** in Europe , **but** because of this Trojan **horse** against "Bulgaria" in the hands of the foreign legion, **the system** has been allowed to organize itself to be at **the top** of the pyramid as a condition for completing the tasks of the Apocalypse.

The note is that **4** *Even if the "recognition" of the Sovereign as the Sole and Legal Owner of this territory of the same name is **delayed** - **there is no** other Illegal (**legal**) state **after** 1992, **there is no** legal authority, **but** only a criminal "state" with criminal actions due to criminal intentions , because **there is nothing** but the **Sovereign** after 18.10.2024!*

CLAIM **VALUE**

This Claim does not concern **anything** more than what is shown in the Report; **no** facts have been added about **the exported** wealth and values, of **resources** of National importance, which resources allow the emergence and maintenance of - internal **life** , because **without** resources (sold out, stolen, on concession) it is not possible **to either** emerge, continue, **or maintain** a life cycle in any country **without systemic products** - **that is, someone has deliberately** destroyed the previous form of society or state, while complicit in a process of

degradation **of** assets, after the fully conscious and purposeful Coup d'Etat in 2005 or 30 years ago in 2025.

Not due to the symptoms of **a serious illness** , but after 1879 and a chronic illness, Sovereign, under a rescue program or a "special revolutionary operation", entered the depths of an international affair **because of** internal enemies of "Bulgarian" accomplices, whose hands are tied, even if they want to do anything, they will **lose** their daily income in the food chain, its pyramidal structure, at the top of which is **not** the political system.

Without internal enemies, it is **not** possible to penetrate any country.

Politics is a cover for an invasion or incursion from an unexpected place **on** wealth, resources, and values.

The behavior of the collaborators, **complicit** in the food **chain** , is understandably **aggressive** and inadequate.

Their behavior is also the result of a **proven** inadequate, **sick** psyche in conjunction with proven deliberate **greed** , which leads to **other** manifestations of an inner **world** that should **not** have access to the public.

These negatives of the sick imagination **due to** damage to the psyche are hidden under various forms of the body **image** , which, no matter how real it may appear, **has no** connection with the true state of the subject's content, whether male or female - it doesn't matter.

Criminal **groups** have a famous set of "tools" for attack, repression, and persuasion (OCGs are illegal entities and persecute their victims in committing a crime by "delaying payment"), even as in this case, sending from a foreign country (Greece) **a crazy** "document" with crazy text (see Recommendation)

Television, during this time, diligently polishes the cane of propaganda with a hand of choice for "legislation" **without** the legitimate right to do anything from a television screen, where **behind** the scenes , **dependent** on the hand of propaganda and directly related to a daily salary, are part of the cartel of "BNB" JSC (so-called banks, cardholders, managers for **someone else's** account) for monthly rations, thus **the relationship** closes in the vicious circle of missing **power** , along with its sick **imagination** of real power.

The illegal, unlawful and illegitimate "state" of banditry and theft or "Bulgaria" is in the final phase of putrid, elementary **processes** that ensure the vitality of **the identical** facial recognition between them.

The verified **metastases** of the so-called "BNB" Joint Stock Company, which are Illegal, Illegal and Illegitimate entities in a cartel by negotiating the value of the interest rate% together with all service costs (at someone else's expense) plus VAT **costs** , enriching the Illegal, Illegal "authority" (which gladly accepts the torn skins) - instead of **immediately paying** what is due, requested in the original amount (from the Sovereign) they find it right to hide under invented rules in

such a way, enriching as debtors by law the Legal owner of the same territory where these brigades of the Illegal, Illegal and Illegitimate "authority" of the "BNB" Joint Stock Company are located.

OCG of "BNB" JSC (explained) is **entirely dependent** on "BNB" JSC on the territory of Sovereign, former "third Bulgarian state" 1878-1992 or "Bulgaria" in the hands of OCG **starts** from "BNB" after **1879** in perspective and with the same habits.

At the beginning it was said that the debt of "BNB" JSC metastases to the Sovereign **former** "Bulgaria" (1878-1992) is in the amount of 251,988,800 fiat "levas" **BGL** to Sovereign, General Manager **to** * 01/24/2025 / the amount is **not** final, **but** takes into account the dynamics of the process.

The relevant data with the calculation mechanism X 10 are applied through available documents to this Report / Claim 004888128 dated 10.02.2025.

LAWS AND LEGALITY There are no other (valid) **laws** besides the Sovereign Law after 18-21.10.2024, so the weight of the Sovereign's Opinion or Recommendation **has** immediate force in organizing the new - Fourth Bulgarian State.

The subject of this Claim **does not** concern exported wealth and values as resources that enable domestic life, **nor** transactions with assets of National importance, **nor** does it concern the sale of prohibited systemic products such as land and water, which are part of the National Security priority - there **is none** !

Above all this, the same "BNB" JSC, due to the "pig link" in the chain of insurance and benefits for OCG, is the driver of negative processes all the time, bringing negative consequences.

The claim is **united** because "BNB" JSC is at **the center** of the Illegal activity after 1992 and complicit in the Coup d'état carried out in 2005 throughout the entire time until 2025 **indefinitely** , which "BNB" provides **the suggestion** of "regulations and rules" of **a system** for theft of valuables from public resources not only, but at the expense of **those deceived** , raped after the absence of another system, through absence if this is intentional, because of it **these** are part of the "BNB" OCG system having the arbitrariness to determine not only the "agenda" of the political system, but also of the internal **life** explained, which is usurped or taken away in such a way that all the time - "BNB" means - "Bulgaria" immediately after 1879!

The "BNB", the so-called "Bulgarian Bank", **means** Bulgaria throughout **the** existence of the "third Bulgarian state" in the period 1878-1992 and understandably **does not want, has no** intention of abandoning power, which is **ostensibly** political.

"BNB" means "Bulgaria" and "Bulgaria" means "BNB", both of which are **Illegal** .

In this way, **the burden** of this Claim in this Report is transferred to the account of **the organizer**, the already explained diffusion (distribution of the "pie") between foreign shareholders in a foreign country with **the headquarters** of "BNB" JSC to the most various forms of speculation for robbery such as credit houses and so on, which **do not have** a valid banking license (upon request) **do not have** a valid court registration, because **there is no** valid court registrar (Ministry of Justice, Registration Agency) in this way not only "BNB" JSC as **the center** of OCG is located at **the foundations** of organized **crime** and which is public, having walked the path of 33 years of banditry after 13.07.1992.

The absence of any valid law enables **the illegal** power of criminal consciousness,

In this way, the requirement as a recommendation and **opinion** has a **mandatory** character **1** for information **2** for implementation, in the territory of the same name, **the former** "Bulgaria" or "third Bulgarian state" 1878-1992.

1 Instead of paying the minimum Claim in the initial amount, which is determined by the Sovereign to Unilateral Satisfaction by Law, the Illegal and Criminal Entities with criminal and illegal activity on the territory of the Sovereign former "third Bulgarian state" 1878-1992 by habit - attack **despite** the Prohibition of Annex No. 2 Act No. 1 for outsiders; invade personal and **foreign** space; organize themselves in groups; send invalid, illegal, crazy letters or call foreign phones from **foreign** space - **the path** of proof that **the disease** is incurable has been taken by negotiating with these Illegal and Criminal Entities.

2 The burden due, which is **indisputable** under the prevailing Law, which is that of the Sovereign, explained **without** remarks, is multiplied according to the gravity of the crimes, their size and scope, including due to the place at the center of the criminal group or OCG enabling their activity, which is illegal.

The lack of legal right **does not** in any way enable the performance of anything. Therefore. The performance of anything, but **without** the available right under the prevailing law, is criminal and punishable by the prevailing Law. If. After 1992 **there is no** prevailing law, except for general crime and lawlessness based on organized bandit forms on "Bulgaria" (today Sovereign after 18.10.2024) Sovereign is in the right of Legal owner and manager of national resources, state values and wealth, on **the same** territory.

3 Thus, the bandit forms called "banks" in the so-called "Bulgaria" not only **have no** basis for anything, **but the performance of conscious actions shows their personal consciousness in a position** appropriate to the de-organization of the "state" today, tomorrow and yesterday .

The creation of the Third Bulgarian State was provided for in the preliminary San Stefano Peace Treaty of March 3 (February 19 old style) 1878 between the Russian Empire and the Ottoman Empire, which ended the Russo-Turkish War, and the subsequent final Berlin Treaty of July 13 (1 July old style) 1878. The Treaty of Berlin singled out Mysia and the Sofia Field in the Ottoman Empire's vassal Principality of Bulgaria. Within the empire remained the autonomous region of Eastern Rumelia with the administrative center Plovdiv, which practically coincides in terms of territory with today's southern Bulgaria. Macedonia and Odrin Thrace also remained in the territory of the Ottoman Empire. Pomerania remained within the borders of Serbia, and Northern Dobrudja was handed over to Romania.

After the end of the war, the territory of the new Bulgarian state was placed under Provisional Russian rule. It organized the convening of a Constituent Assembly, which laid the foundations of the Third Bulgarian State with the adoption of the Tarnovo Constitution on April 28 (April 16 old style) 1879. The organization of its main institutions also includes the inauguration of the first prince - Alexander I on July 8 (June 26 old style) 1879, and of the first government - Todor Burmov on July 17 (July 5 old style) 1879.

On September 6, 1885, the Union of Eastern Rumelia with the Principality of Bulgaria was announced in Plovdiv. On September 22, 1908, Bulgaria declared its legal independence from the Ottoman Empire.

Shown the reasons for the transition to a NEW STATE ORGANIZATION / The claim was made during the Request abroad and in the Bulgaria corporation to the agreement that this is necessary, legally justified and properly in the near future, of the transition to the 4TH STATE - SOVEREIGN

OCTOBER 18, 2024 OFFICIALLY DECLARED FOURTH BULGARIAN STATE - SOVEREIGN End of quote.

We at Sovereign sincerely **hope** that Europe has nothing to do with the processes in "Bulgaria" between the two sides of the same conflict, also in terms of interests, because the so-called "pig connection" expresses - **a conflict** not only in terms of interests, if the dependent persons, because of their benefits and remunerations, such as salaries from "BNB" JSC, **the metastases**, called "Bulgarian banks", **block** the chain of action against them **from the inside** (shown) as well as from the outside, **if** Europe **has** anything to do with the putrid processes here declared criminal, because of criminal consciousness between the so-called "partner services" and their patrons from the orchestra.

From the evidence collected, it turns out that "BNB" JSC is a "**cornucopia**" and a "**vine** of fertility", which has been **wrapped** around the former "third Bulgarian state" since its **creation** in 1879 as a process of **plundering** Bulgarian wealth and **does not allow the dependents who believe or think that the "political system" is guilty of anything** to escape from the chain or hoop (like a fertile vine), despite the fact that the latter, like **any** system **under** the burden of "BNB", is directly **dependent** on its **revenues**, also on the daily **ration** of funds or assets that come from the same **place**, that is, the process is not only **complete**, but this "**cornucopia**" or "BNB", after the coup d'état carried out, **not** at its own expense, immediately ordered the final plunder of **foreign** wealth to be carried out by - **foreign** "banks" with Bulgarian names (shown), which entities are just as **illegal** as their employer. at **the center** of the

orchestra, who work in the same way for **someone else's** account, the affected by "BNB" JSC OCG form of Illegal, Illegitimate and Criminal "power" **without** basis, which **cannot** dispose of anything.

In the policy of the so-called "BNB" JSC, banking is **not** the result of a good conscience, **but** of a thieving hand (despite manners) in the appropriate place due to **a lack** of a good conscience, **enabled** by the usurpation of building stock and consumables (leaflets, stamps, desks, chairs, bricks, marble tiles, iron and roof tiles, mobile devices, communication devices, all at **someone else's** expense) to the coffee with toilet paper of the residents, their accomplices.

The suggestion of "respect" is covered by **the claim** of "elevation" in social status - **the latter** , which is not only at an extremely **low level, but also carries out its life** cycle (managers, administrators, collaborators, parasitic idlers and other groups of **OCG not mentioned here**) fraudulently and at someone else's expense **all** the time.

Everyone's motive is " **there's some money** " from the assets of the former "Bulgaria" in 2025.

SECTION - REPORT

1 The subject of the Claim is **a debt** of 251,988,800 fiat "levs" **BGL** to Sovereign, General Manager **to** * 24.01.2025

2 Subject of the Report is **the seizure** of the function of the "BNB" JSC with a complete **reform** of the financial entity under the leadership of Sovereign, to creative communication in the future.

The basis for the Sovereign's **Claim** against "BNB" AD given above including the annexes to this Report, reporting **serious** crimes against the financial system of **a foreign** country by **foreign** nationals **invading** through the collaboration and complicity of **a developed** OCG without noticeable limits of dynamics.

The basis for the Sovereign **Report against** OCG of "BNB" JSC is **an impossible** change "from within" due to direct **dependence** on the criminal Syndicate, negotiating (explainedly) the interest rate as a Cartel without external intervention, except for a realized internal conviction towards the external environment, which for the metastases of "BNB" JSC will **always** be hostile, which creates the impression of a permanent **struggle** against "Bulgaria" throughout its existence as a state between 1878-1992.

conflict of interest) is shown when the security services have their hands tied because **their** remuneration comes directly from the Criminal Syndicate of the Illegal, Illegal and Illegitimate Power, which for **33** years **has been using** the timelessness of its **lawlessness** while instilling "respect for laws" **without** any basis for the claim, except for the sick imagination or the imagination of **power** , which is a fiction.

Not only that, but the Report shows the signs of **Genocide** on ethnic grounds, when the same "BNB" makes payments under occupation or when foreign values

are exported - property of the former **Bulgarian** people, who were turned into **an ethnic group** for several generations under the heavy slavery (yoke) of **the parasitic** connection "BNB" and the Turkish one, which was not!

UCC 1-308, UCC 1-308.4 *One is notified, all are notified* . Which is being hidden not only by "BNB" JSC along the chain of the Illegal Power after 1992.

GENOCIDE Ratification by Decree No. 300 of 23.06.1950 SG No. 153 of 1950 in force from 12.01. **1961** , adopted by the UN on 09.12.1948 with Resolution 260A (III) when the communist party in the socialist state (oxymoron) began selective persecution and systematic killing of vigilant Bulgarians, despite the ratified Convention and later promulgated in SG No. 99 of 17 December 2010.

The genocide of the "BNB", the so-called "Bulgarian bank", has caused **enormous** losses to the Bulgarian people, whatever is **left** of it.

Since the Bulgarian **people** are predominantly **Christian** , Article II corresponds to a targeted action against the religious as well as the ethnic group.

Genocide outside the "BNB" is **the numbering** by personal identification number (explained), which is carried out methodically and continues in 2025.

Bulgarians were massacred en masse, **selectively at point A, while severe** (generational) damage was inflicted at point **B**. deliberately imposed "conditions" of life to the point of their physical destruction under point **C** (debt slavery, unbearable taxes) / The punishment under Article **IV** is mandatory, provided by Sovereign under Law 404; action is brought before International Criminal Court under Article **VI jurisdiction** (possible extradition of those concerned to **places** of execution of sentences) Article XIX UN Secretary General entry into force.

NOTE Financial speculators who are publicly verified by Sovereign **do not** have power on the territory of Sovereign, which Single-handedly (the mechanism is explained) determines **the amount owed** to Sovereign up to Unilateral Satisfaction and **no** more, taking **into account** only **the gravity of the serious, criminal crimes** committed over the years against the financial system and National Security (receiving salaries and benefits in a chain) of the former "third Bulgarian state" so-called "Bulgaria" - the so-called "banks" determined for **seizure** by OCG until 24.01.2025 **are not** subject to correction in **descending** order, only ascending, **edifying** and retributive!

1 Downward correction by those standing at a lower **level** than Sovereign Their Excellencies to the ruling Law, such as broadcast opinion (television, radio, newspapers, network, arbitration) or similar **forms** of playing on territory **foreign to them, is not** permissible!

2 This Claim has an internal and external obligatory **form** , the internal one being through **imposition** , and the external one being through compliance with the Law wherever it may be, which corresponds to the Truth and **nothing** less than it!

3 All officially reported profits of the so-called "banks" in "Bulgaria" (because they are reported through the "BNB" and not to Sovereign) are official statistics of theft.

4 Even if the "recognition" of a Sovereign as the Sole and Legal Owner of this territory of the same name is **delayed - there is no** other Illegal (legal) state **after** 1992, **no** legal authority, **but** only a criminal "state" with criminal actions due to criminal intentions, because **there is nothing** else!

5 The authorities or the so-called "Bulgarian authorities" after 1992 had **the opportunity** to seek assistance in dealing with the problem of the "pig link" or tied hands (explained above) **abroad** from partner security services / which was **not** done!

6 Sovereign, **does not** express religious "holiness" or any other claim to bodily purity; is **not** a selfless, original, native talent of a "fighter" for the rights and freedoms of the human masses, **has no** such claim; **has no** connection with other people's opinion against the "special revolutionary operation" that began on August 31, 2023; **The Law** of Jupiter and the cow of "Bulgaria" before Europe, waiting for the Truth to work in the opposite direction to itself.

7 God disposes.

CONCLUSION In conclusion to the evidence gathered, which is indisputable in this Report as a Claim against an OCG center **on** a Sovereign eponymous **territory** (regardless of external factors) to deal with organized crime, **the subject** is finally confirmed as follows:

1 *The subject of the Claim is **a debt** of 251,988,800 fiat "levs" **BGL** to Sovereign, General Manager **to** * 24.01.2025*

2 *Subject of the Report is **the seizure** of the function of "BNB" JSC with a complete **reform** of the financial entity under the leadership of Sovereign, to creative communication in the future.*

3 Third Claim in this Report. Controlled deployment of a foreign force upon **refusal** to fulfill **the task** of restoring the Bulgarian state (Sovereign) to its currently internationally recognized borders, **without** any other claim, which Sovereign will take care of immediately when the parasitic connection of **the former** "third Bulgarian state" with its arguments abroad and in **the same place is severed** .

Because **7** God disposes.
